Automated Compliance with OMB A-123

Actus is a FedRAMP-approved and Treasury-prescribed COTS SaaS application delivering total trust and transparency to GPC purchase card processes within government agencies.

Actus provides critical acquisition and financial management automations ensuring compliance with Agency policies and Federal regulations. Actus' innovative automations align policy with data and document processes to ensure Agency obligations and apportionments can be reconciled and accurately closed out in any federal financial management system. Actus bridges the digital divide between award, utilization, fulfillment, acceptance, and payment processing.

The future of purchase compliance is paperless.
